Part 1 – Yukon Government Carbon Price Rebate – Individuals

Starting in July 2020, the rebate payments will be issued quarterly to individuals and their families, separately from the income tax refund. The amount is the same for each Yukoner, regardless of age, income or marital status.

You **and** your spouse or common-law partner (if applicable) must file a return every year as a resident of Yukon to continue receiving the rebate.

You will receive the basic rebate automatically, based on the information in your return. Yukoners who resided outside Whitehorse on December 31, 2019, may qualify for a 10% remote supplement.

Did you **reside outside** Whitehorse on December 31, 2019? **63790** Yes ☐ 1 No ☐ 2

Part 2 – Yukon Business Carbon Price Rebate

You can claim this rebate for the portion of the year that meets **all** of the following conditions:

- You operated a business inside Yukon or you earned income from a rental property in Yukon while you were a Yukon resident in 2019
- Your business had assets that burned fossil fuels, other than diesel, in 2019
- You did not and will not receive a carbon tax rebate for 2019 for certain mining businesses

This refundable income tax credit will be based on the **undepreciated capital cost (UCC)** of assets used in your business in 2019, as shown in the **capital cost allowance (CCA)** schedule that you used to calculate your business income or your share of income from a partnership. There are 3 asset categories:

- Category 1: Buildings

- Category 3: “Green” assets (designed to consume non-fossil fuels)
